Assistant (Student)

Working student for the PCN lab

The Prgrammable Communication Networks lab offers the opportunity to work with interesting and entertaining projects related to the Software-Defined Networking (SDN) and Programmable Data Planes (PDP) paradigms. For the next semester, a position is available to assist on the lab doing the student supervision during the lab sessions.

Prerequisites

- Solid knowledge in computer networking (TCP/IP, SDN, P4)
- Solid knowledge of networking tools and Linux (iperf, ssh, etc)
- Good programming skills: C/C++, Python
